

Minutes CP Committee - Built Environment/Infrastructure November 7, 2012

Members:

*Planning Board*

Steve Givin- Committee Chair

Dan Walker

*Code enforcer:*

Alan Teeter

*From the community:*

Beth McGee- Will take notes

Martha Fischer

Brief discussion of local buildings and potential changes in the town that are on the horizon and how they may fit into the vision of the community.

This gathering was primarily to designate tasks. A meeting date of 5:30 pm at the Community Building prior to the December Planning Board meeting on Wednesday, December 5th.

We will go over the current plan, determine what data is necessary to gather to update and take apart each section, noting what should stay and what to recommend is no longer relevant.

May also determine what ways the upcoming survey results can help us reshape or fill in the blanks in the current plan.

Respectfully submitted,

Beth McGee
