This is the **Applegate Tavern** in 1955. It is assumed to be named from John Applegate who settled in the town area in 1806. The first log tavern at Applegate's Corner was built in 1807. Its frame replacement was probably built before 1825, a part of it was used as a store and post office from that year on for the Catskill Turnpike. A historic Marker marks its place in history (north-east corner of Mecklenburg and Applegate roads).

(Picture a part of the Enfield Town Historians Collection.) Beatrice Schwoerer –4 black and white pictures of the Applegate Tavern on Mecklenburg Road, dated 1955.

We invite readers to share their memories of the Applegate Tavern send e-mail to historian@townofenfield.org.
