

SAVE MONEY \$\$\$
SAVE ENERGY !!!

One of the easiest ways to save \$ and decrease your energy costs is to swap your incandescent bulbs for LED light bulbs.

ENSAW and The Town of Enfield are collaborating to help you get started with the following free offer:

Bring up to 3 incandescent light bulbs

to the
Enfield Town Hall
168 Enfield Main Road, 3:00 pm to 6:00 pm Monday through Thursday

and swap them for LED light bulbs.

Here's an example of what your savings can be:

	Incandescent	CFL	LED
Average bulb life span	1,200 hours	8,000 hours	50,000 hours
Electricity used	60W	13W	10W
Annual operating cost	\$8.02	\$1.74	\$1.34

Contains mercury	No	Yes	No
Sensitivity to low temperatures	Some	Yes - may not work under -10°F or over 120°F	None
