## **SONS OF THE UNION VETERANS OF THE CIVIL WAR**

**Sydney Camp**

**September 1, 2018 starting at 9:30**

**Are placing and DEDICATING a stone on the grave of**

**MERRITT MONROE STODDARD, (CPL)**

**This little cemetery contains the remains of over 100 of our ancestors. Many have no known descendants. Probably over half of their stones have been stolen or vandalized. If you have any interest in this little piece of our history, or the veterans who have protected it for us, please come share this special event.**

**Gibbs Cemetery is on land originally and presently owned by the Korts family, but there are no known descendants. That makes it abandoned so the Town of Ithaca has certain limited responsibilities. It will require a lot of help from the community to restore it to the condition it deserves, and that we can all be proud of.**

**SO PLEASE COME AND LOOK IT OVER, AND HELP THANK THE SONS OF UNION VETERANS OF THE CIVIL WAR FOR THIS GENEROUS GIFT.**
