

Resolution #2026-____ Resolution Authorizing the Town Supervisor to Execute a Letter of Support for Mercy Flight Central

WHEREAS, Mercy Flight Central has provided critical care air medical transport to communities across Central and Western New York since 1992; and

WHEREAS, Mercy Flight Central proposes to establish a permanent operational presence in Tompkins County, which will strengthen the network of critical care for the region by providing faster response times and improved access to specialized care; and

WHEREAS, this expansion represents a significant investment in local partnerships, emergency preparedness, healthcare access, and the long-term health and safety of the residents of the Town of Enfield and surrounding communities; and

WHEREAS, the Town Board of the Town of Enfield recognizes the vital role of air medical services in supporting local emergency medical services (EMS), hospitals, and healthcare providers; now, therefore, be it

RESOLVED, that the Town Board of the Town of Enfield hereby authorizes the Town Supervisor to sign a letter of support on behalf of the Town of Enfield for Mercy Flight Central's planned expansion into Tompkins County

ResolutionsResolutionsResolutionsResolution #2026-____ A RESOLUTION AUTHORIZING A CHANGE ORDER FOR THE CULVERT PROJECT TO ENHANCE LONG-TERM DURABILITY

WHEREAS, the Town of Enfield is currently engaged in the completion of the box culvert project on Bostwick Road; and

WHEREAS, following recent evaluations of the structure, it has been recommended that the Town authorize a change order to install a waterproof membrane over the entire top surface of the box culvert to prevent moisture infiltration; and

WHEREAS, this preventative measure is expected to significantly extend the lifespan of the structure; and

WHEREAS, the cost for this additional work is estimated at an amount not to exceed \$50,000; now, therefore, be it

RESOLVED, that the Town Board of the Town of Enfield hereby approves a change order for the installation of a waterproof membrane on the top of the box culvert at a cost not to exceed \$50,000
