RESOLUTION #2026-_____A Resolution Amending Retiree Medical Insurance Provisions of the Town of Enfield Employee Handbook

Whereas, the Town of Enfield Employee Handbook contains provisions concerning medical insurance coverage for eligible retirees; and

Whereas, the Town Board desires to amend and clarify the provisions governing retiree eligibility, coverage, Medicare benefits, plan changes, and premium contributions; now, therefore, be it

Resolved, that the retiree medical insurance provisions of the Town of Enfield Employee Handbook section 807 are hereby amended to read as follows:

Coverage - The Town will make available medical insurance coverage to an eligible full-time employee or Elected Official who retires from the Town, subject to the restrictions contained in this policy. Prior to age 65, retirees and any covered dependents will continue to be enrolled in the plan offered at the time of retirement. In the event the retiree predeceases the spouse or dependents, the spouse or dependents may continue medical insurance coverage provided they pay the full cost of the premium. Coverage of a spouse or dependent at the time of divorce or legal separation is in accordance with plan documents and COBRA requirements. Upon reaching age sixty-five, the retiree shall enroll in Medicare Part A and B, and the Town will provide a Town Group Medicare Advantage Plan. Covered dependents at the time of retirement may enroll in the Medicare Advantage Plan but must pay 100% of the cost of premiums.

Eligibility – Eligibility for coverage depends on a variety of factors. To be eligible for coverage, the employee or Elected Official must have applied for and been granted a bona-fide retirement benefit from the New York State Employees' Retirement System and meet one of the following criteria:

• Current employees who were employed or holding office full-time prior to February 13, 2002 are eligible for coverage if, at the time of retirement from the Town, the employee has reached age fifty-five or older and has worked at least 10 consecutive years of full-time service with the Town prior to the date of retirement.

• Employees hired full-time after February 13, 2002 are eligible for coverage if, at the time of retirement from the Town, the employee has reached age fifty-five or older and has worked at least twenty consecutive years of full-time service with the Town prior to the date of retirement.

Plan - The Town Board may, at its discretion, may change the medical insurance plan at any time, including, but not limited to, type of coverage, retiree contributions, and type of carrier.

Premium Payment - The Town will pay the full premium for individual coverage for each eligible retiree. The cost for family coverage must be paid by the retiree.

Changes in Premium Contributions – The amount of the insurance premium a retiree or retiree's spouse is required to contribute is subject to change by resolution of the Town Board. The Town Board will provide a two-month written notice of such change.

And be it further resolved, that this amendment shall be incorporated into the Town of Enfield Employee Handbook and shall become effective immediately.
